Yep. I'm 16, in West Yorkshire, and I'm a lesbian. I'm looking for a SERIOUS, LONG-TERM relationship with a girl of whatever age, over 15.

I prefer mind over body, and would love a deep person. I adore artistic people, and I love to write. I really do need somebody with a vast amount of understanding, somebody I can see at least once a week without too much fuss.

I adore individuality. I'm quirky, to say the least.

Message me here, visit my crappy Myspace ([www.myspace.com/fauxfurandvanity](http://www.myspace.com/fauxfurandvanity)) or add me/ e-mail me at faux.fur at hotmail.com.
